

How Non-Resident Cards Work

Non-Resident cards may be used at any library in the Illinois Heartland Libraries System including those in Mahomet, Decatur and other participating towns and cities.

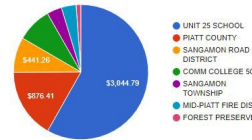

Non-Resident cards are good for one year from the date of purchase. Payment may be made by check or cash.

Piatt County Property Tax Parcel Details -

Non-Resident Cards

Borrowers who do not reside in Monticello Township and live in an area that is not served by another local library can purchase a non-resident card.

Please note that having a Monticello *postal* address does not necessarily mean you live in Monticello Township. For clarification of what township you live in, you may check your voter's registration.

In accordance with Illinois State Law, non-residents are required to purchase their cards at the nearest public library in their school district.

A library card will cost you exactly the same if you live in Monticello Township as it would if you lived outside of Monticello Township.

The difference is non-residents pay the library fee directly to the library and Monticello Township property owners pay their library fee with their property tax bill.

Non-residents pay for library cards so that everyone who uses the library contributes their fair share.

Just show us your current property tax bill and we will calculate the fee for your non-resident card.

Exceptions to Non-Resident Fees:

- Veterans who are 70-100% disabled and do not pay property tax
- Kids who receive free or reduced lunch (or are eligible to receive based on parent's income)
- Owners of property within Monticello Township

If any of the above apply to you, ask staff for more information.

Non-Resident Homeowners:

The cost of your card will be the net taxable value multiplied by .0019686

That is about 19.68 cents per \$100 assessed value. The assessed value is about 1/3 the fair market value of your property. (See Property Tax example on back of brochure.)

For example, if the net taxable value of your home were \$50,000 (for a home with a market value of about \$150,000) the cost of your card would be \$98.43.

$$.0019686 \times \$50,000 = \$98.43$$

Non-Resident Renters:

If you pay rent for a residence, the cost of your card will be \$75.00.

Just bring in your current lease agreement so we can verify that you are a renter.
